Complete Moving Internet & TV Checklist

Use this comprehensive checklist to ensure you don't miss any important steps when moving your home connectivity.

4-6 Weeks Before Moving

- ☐ Research internet and TV providers at new address
- ☐ Compare available internet speeds and pricing
- ☐ Review current service contracts and cancellation terms
- ☐ Make note of all rented equipment (modems, cable boxes, etc.)

2-3 Weeks Before Moving

- ☐ Contact current provider about service transfer or cancellation
- ☐ Schedule installation at new address
- ☐ Confirm installation date and time window
- ☐ Arrange temporary internet backup plan if needed

1 Week Before Moving

- ☐ Confirm installation appointment
- ☐ Ensure technician will have access to new property
- ☐ Locate cable/phone line connections at new home
- ☐ Pack current equipment safely for return or transfer

Moving Day

- ☐ Be present for technician installation appointment
- ☐ Test internet speed and TV channels before technician leaves
- ☐ Set up WiFi network name and password
- ☐ Connect essential devices (phones, laptops, smart home)

After Moving

- ☐ Return old equipment to previous provider
- ☐ Cancel old service and confirm final bill
- ☐ Update address with streaming services and online accounts
- ☐ Optimize WiFi coverage and smart home setup
